Dear Mr. Weisberg:

After reading in Whitewash IV that Oswald had apparently attented a language school while in the service, I again picked up on a previous inquiry that I had make concerning this subject. However, the Government still insist that he never attented such a school.

Is there anything available that you have, which might shed some additional light on the subject and which you would be willing to share with me. Your comments will be most appreciated.

Sincerely,

Emory L Brown, Jr.
